Additional Pay eForm: Update Existing Additional Pay**

The **Related Actions Menu** shows all of the actions/eForms which the user has authority to initiate on this specific employee's EMPL record.

The **Additional Pay eForm** is used to establish or update existing non-base salary adjustments. These can be either one-time or on-going based on the earnings code. All salary adjustments are considered temporary; on-going salary adjustments must have end-dates. The eForm logic only displays the earnings codes for which a specific employee is eligible (based on employee type).

From the Related Actions Menu, select the **Additional Pay** option.

Completing the Additional Pay eForm:

1. In the Additional Pay eForm, for an employee with an active additional pay on file, the first field that appears is a selector. Click the **Add New or Update** drop-down menu button and select the **Update Existing Additional Pay** option.

The screenshot shows the 'My Homepage' interface. On the left, there is a search box for a person named 'hermione granger'. In the center, a 'Current Employee' card for 'Hermione Granger' is displayed with a green checkmark. An 'Actions' menu is open over the card, listing options like 'View Personal Data', 'View Job Data', 'Separation/Retirement', 'Leave w/out Pay', 'Job Change', 'Additional Pay', and 'Additional Assignment'. The 'Additional Pay' option is highlighted with a red box. On the right, the 'EPAF' section shows employee details for 'U00000112'.

The screenshot shows the 'Additional Pay : Additional Pay' eForm. At the top right, it says 'Form ID 372212'. Below that, there are toggle switches for 'Highlights Enabled: Yes' and 'Current Values'. The 'Employee Information' section displays details for 'Hermione Granger', including 'Employee Classification: FTE', 'Business Unit: SCCOL USC Columbia', 'Job Code: AH15 Administrative Coordinator II', 'Base Salary: 48000.000000', and 'Pay Group: C12'. Below this, there is a section for 'Select Additional Pay Action' with instructions on how to add new or update existing pay. At the bottom, the 'Add new or Update?' dropdown menu is open, showing 'Add New Additional Pay' and 'Update Existing Additional Pay' options, with the latter selected and highlighted in red.

2. Enter the **Effective Date** of the update to the ongoing additional pay.

Changes that can be made to an existing additional pay:

- a) **Earnings per Pay Period:** Change this field if there has been an increase or decrease in the amount the employee should receive per paycheck.
- b) **Earnings End Date:** Update this field if the additional pay should end sooner or should be extended. Note the new end-date must be the same or greater than the eForm effective date.
- c) **Select Non-Base Pay Funding:** Click this button to change funding allocation for the additional pay. Note this eForm can only change funding for current/future dates it cannot be used for retro funding changes.

Select Additional Pay Action

To add a **NEW** Additional Pay for this employee:

- Select Add New Additional Pay and complete the Add Additional Pay segment that opens up. Employees typically only have one additional pay per earnings code at a time.

To **UPDATE** or **EXTEND** an existing Additional Pay for this employee:

- Select Update/Extend Existing Additional Pay. You must enter in the **future** effective date in the field that opens up and then you may update the earnings amount, change or extend the end date, or change the funding for future Additional Pays.
