Open Request for Oral Presentation Ideas

University faculty, postdocs, and trainees are invited to submit ideas for oral presentations at our upcoming Nutrition Symposium

 **Nutrition Consortium**
Arnold School of Public Health

University faculty, postdocs, and trainees are invited to submit ideas for oral presentations at our upcoming Nutrition Symposium. The theme of our symposium is centered around nutrition in diverse settings and populations, so we encourage you to incorporate those ideas into your submissions, should it align

with your recent work. To keep it simple we are not asking for full abstracts at this time, just ideas. You may submit an idea for your own research or nominate someone else. Please submit your ideas using the form below, by **January 26, 2024**.

Important Nutrition-Related Updates & Events from Professional Organizations

Access to fresh fruits and vegetables is disproportionate in rural communities across South Carolina, where residents are subject to lower wages, fewer healthcare options, and barriers to transportation. [FoodShare](#) partners with community-led organizations who help reduce financial and accessibility barriers by distributing Fresh Food Boxes. By making a financial gift to FoodShare we can continue to positively impact health outcomes across the city and state.
